NETSUITE LABEL PRINTING Frequently Asked Questions

What do the blendAPPS Label Printing SuiteApps do?	Our BarTender and NiceLabel SuiteApps enable users to print labels directly from NetSuite with a single click.
Does the blend SuiteApp include NetSuite, BarTender, or NiceLabel software/licensing?	No. You need an existing NetSuite account and an active BarTender or NiceLabel subscription. BarTender and NiceLabel can be purchased via our preferred partner, Integrated Productivity Systems (iPSI) .
Does the BarTender Label Printing SuiteApp require a specific version of BarTender?	Yes. If you are using BarTender Cloud you must have the Automation edition. If you're using BarTender on premise, you'll need access to the BarTender Integration Builder application. Integration Builder is available at the Automation and Enterprise editions.
Does the NiceLabel Cloud Printing SuiteApp require a specific version of NiceLabel?	Yes. The following versions are supported: <ul style="list-style-type: none">• Loftware Cloud Business (Small and Large)• Loftware Cloud Compliance
Can I get a demo of the SuiteApp?	Even better—you can view our 5-minute pre-recorded demo here .
Do I need Bartender or NiceLabel configured prior to installing blendAPPS?	Yes. For both Cloud and On-Premise solutions, you should have an active label printing software license.
Are there any network or access requirements?	Only if you are using BarTender On-Premise. See our documentation to learn more.
How difficult is it to get the SuiteApp setup?	It's simple! Both of our label printing SuiteApps include a self-guided setup wizard that walks you through every step of the process. Most customers are printing in under an hour.
Is there a trial period?	Yes. Both blendAPPS connectors have a 30-day free trial. Use your trial to follow the setup wizard, test the app, and determine if it's the right solution for you.
